

# Be a sport Pass on a Gift

And help to build **YOUR** community centre!

## Do birthday parties usually give your child more gifts than they could need?

Let your child be part of something special for their future and for all in the community, by simply "Passing on a Gift" and helping them to raise funds for the Kinsale Community Sports & Leisure project - Saile.

## How it works?

If you are having a birthday party for your child, simply invite a guest or two to make a donation to Saile rather than buying your child a present. In return, your child will receive a Certificate of Thanks and a small gift from Saile. They will also get a special mention on the "I've been a sport & passed on a gift" section of the Saile website & newsletter.

## How do I sign up?

As a parent inviting someone to Pass on a Gift, Saile will provide you with an information leaflet to include with your party invite. The invite letter will explain how Pass on a Gift works. Your guest then fills out the donation form and gives it directly to Saile with their donation. In return, Saile will give the guest the Certificate of Thanks and a small gift to present to your child at their party.
